Measurement #1:

Measure the dogs waist, in front of the hind leg.

Make sure you measure the complete circumference, all the way around.

Measurement #2:

Measure from the dogs waist, down its back to where the tail begins

How to make final size selection:

Measure the waist first and you may fall with in two product size ranges. If you fall with in two size ranges, select the size in which the waist to tail measurement is the closest.

Poochie Panties

Our Poochie Panties are designed for female dogs that are in heat. They are a very comfortable design allowing for them to be worn for long periods of time. The elastic leg openings are snug yet not confining and do not make wear marks. Standard feminine sanitary napkins are be used with the Poochie Panties.
